FAQ or “JUST WANTED TO ASK...” section ;)

Can I sell physical prints anywhere?

Yes — as long as your subscription is active, you're licensed to sell printed products on any platform, online or offline. Lifetime license owners get 12 months of my design updates and are able to sell ALL acquired designs in this period for life.

What if I cancel the subscription?

Once canceled, you must stop selling printed products based on Aquireef3D designs. You keep access until the end of your billing period. Lifetime license owners have no option to cancel.

Can I upgrade or downgrade my plan?

Yes — you can change your plan at any time. Upgrades take effect immediately; downgrades apply at the start of your next billing cycle.

Are the number of sales limited?

No, but you must register every shop you sell on. This ensures legal use and fair support for all licensed sellers. Legal actions will be taken on every shop, that sells our designs without registration with us.

What does "1 Rotating Design from Previous Drop" mean (Starter Plan)?

Starter users get 1 design / month (selected by us) from the 5 designs released the previous month to higher-tier plans. The design changes monthly.

What is the "20 Unique Design Starter Pack"?

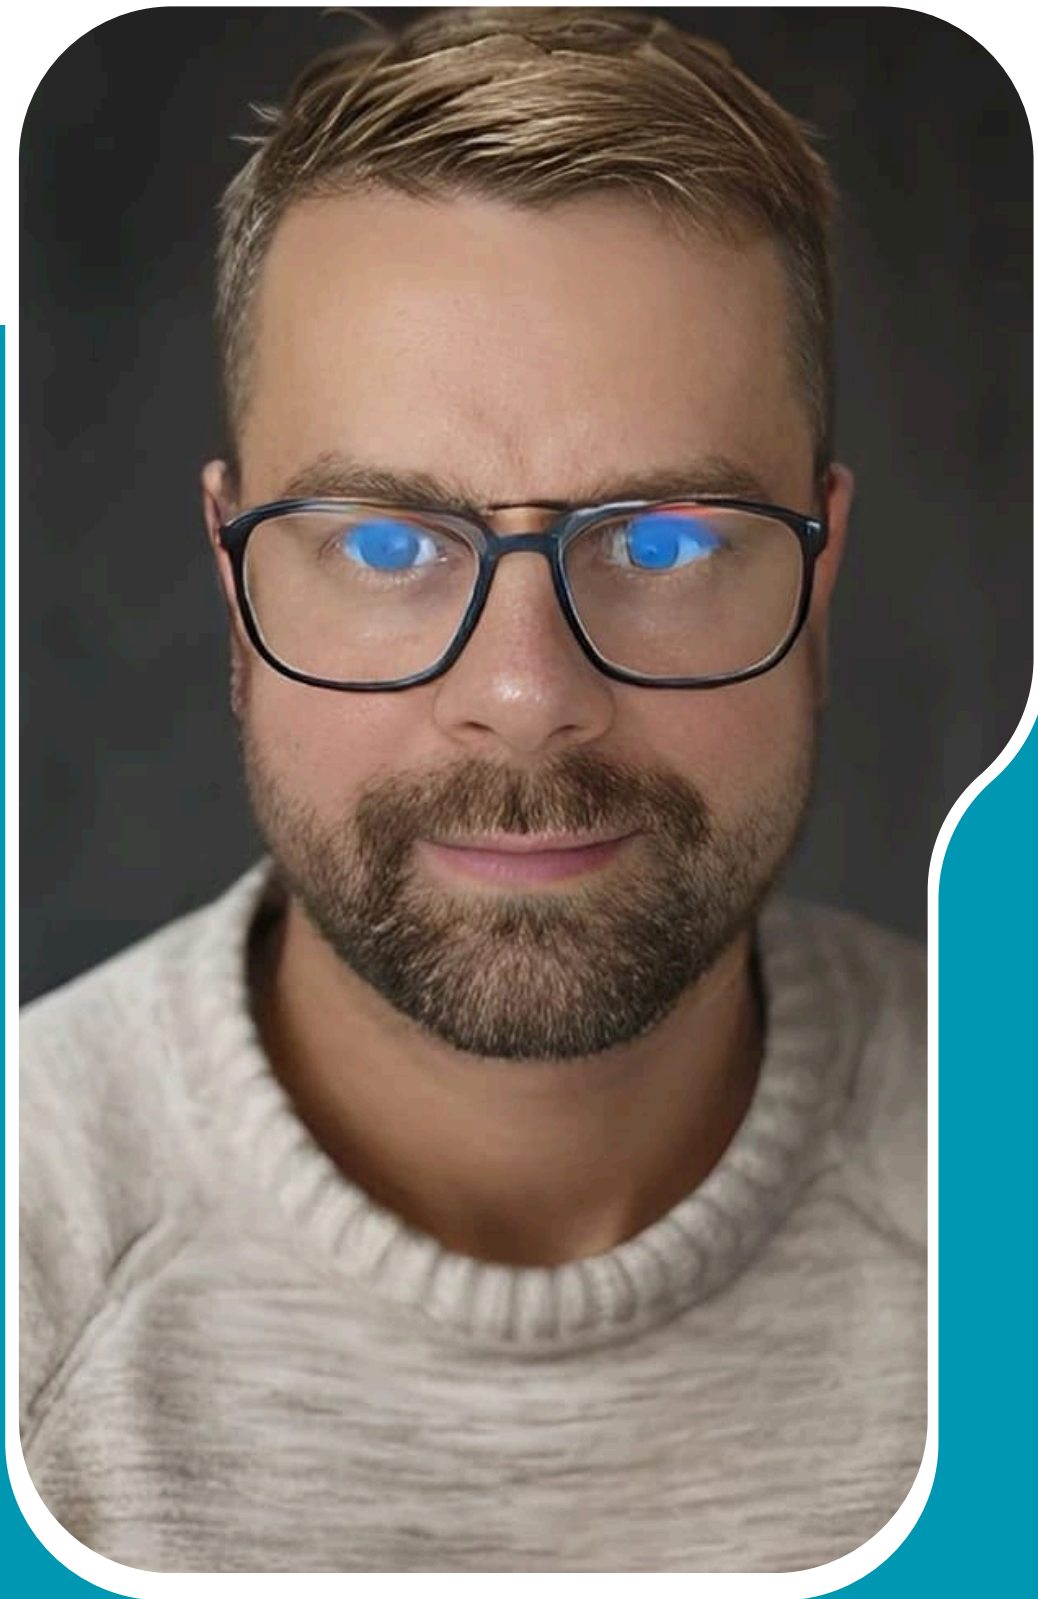

Pro, Elite & Lifetime subscribers receive 20 exclusive designs at signup. These are unpublished elsewhere and rotate every 6 months. You keep print rights as long as your subscription stays active. Lifetime users get these updates for 12 month period starting from their license purchase date.
